Hospice Care *with* Compassion

Our goal is to help ease the difficulties that families and individuals must cope with once diagnosed with a terminal illness. We are here to provide a source of strength to our patient's situation and we are willing to try and seek resources to help accommodate their needs.

Most of all, we understand the toll that terminal illness can have on individuals and families. Such is the purpose for hospice care.

Lifepath Hospice

Our staff provides hospice care to those individuals who are facing a life-limiting illness, while providing support to their families and caregivers.

Our Staff Makes a Real Difference

Our goal is to make a difference by supporting, listening, comforting and providing care that is essential for quality of life.

Our staff is committed to our patients and sharing in their experiences.

We provide care in a variety of settings, including the patient's home, a nursing home, or in an assisted living facility.

It Takes Teamwork!

PHYSICIANS are involved in the patient's care every step of the way.

HOSPICE NURSES routinely visit the patient to assess physical needs and provide intervention for symptom relief and management.

HOSPICE AIDES assist with personal care needs like bathing, dressing, grooming, and feeding.

SOCIAL WORKERS provide emotional support to patients and families, as well as providing resources to help solve daily details for possible financial and legal needs, or necessary living arrangements.

CHAPLAINS give spiritual support to everyone involved while also respecting individual needs.

BEREAVEMENT COUNSELORS provide grief support from the time of a patient's admission.

VOLUNTEERS help to run errands and offer short-term companionship by sitting with our patients, reading to them, and comforting.
